

Tour - Sierpe River Lake Canals

The Tour to Sierpe River lake is Wonderful!

If you are a lover of bird watching and enjoy a large amount of different colored flowering water plants, the Tour to the Sierpe River Lake Canals is for you.

During the Tour to the Sierpe River Lake Canals you will also be able to see Congo monkeys, the Marmoset and White Face, as well as alligators, crocodiles, and turtles.

In this area you will find the local plants Yoliyo and Plantanillas growing, with the upper river being less wide but deeper.

The tour lasts 2 ½ hours. It's recommended to leave early in the morning at about 7 am or in the afternoon at about 3 pm.
